

# Sass 7-1 Pattern

---

## Sass 7-1 Pattern

- Is a popular organizational structure for organizing stylesheets in Sass.
- This pattern helps keep your codebase modular, maintainable, and scalable by breaking it down into several directories and files.

What are the 7`s

```
1. base/  
    _base.scss  
    _typography.scss  
2. components/  
    _buttons.scss  
    _card.scss  
3. abstracts/  
    _variables.scss  
    _mixins.scss  
    _functions.scss  
4. layout/  
    _nav.scss  
    _header.scss  
    _footer.scss  
    _grid.scss  
    _forms.scss  
5. pages/  
    _home.scss  
    _about.scss  
    _contact.scss  
6. themes/  
    _admin.scss  
    _manager.scss  
    _default.scss  
7. vendors/  
    _bootstrap.scss  
    _jquery-ui.scss
```

What is about the 1

- Main Sass file

`main.scss`
