

Variable

Variable

- Is a variable used to store or represent information or values.
- Prefix (\$) sign.
- Aliases **as**

```
// _variable.scss
```

```
$primary-colour: #4783ae ;  
$font-size-small: 20px;
```

```
// main.scss
```

```
@use 'variable.scss' as var;  
  
.hello {  
    font-size: var.$font-size-small;  
    background-color: var.$primary-colour;  
}
```
