Partials

Partials

_variable.scss

- Just a file.
- · Modularize our SCSS.
- · NOT CSS generated from partials.
- Partial are used with the @use rule NOT @import(Deprecated).

Example:

```
// _variable.scss

$primary-colour: #4783ae ;

$font-size-small: 2rem;

// main.scss

@@use 'variable.scss' as var;

.hello {
   font-size: var.$font-size-small;
   background-color: var.$primary-colour;
}
```
